

MouseStop®

Your Partner in Effective Pest Control

History of MouseStop

Since 1990, MouseStop has been a trusted brand in the battle against pests. With over three decades of experience in pest control, MouseStop has proven to be effective in preventing infestations by rodents and insects. Our product has evolved and improved over the years, with continuous innovations to meet the needs of our customers who are dealing with various pests, including mice, spiders, and cockroaches. With MouseStop, you can safely and humanely keep rodents and insects away from your environment.

Vast International Network

MouseStop has built an extensive international network, allowing us to deliver our products worldwide. We take pride in collaborating with distributors and partners around the globe who help us carry out our mission. Whether you are a retailer, distributor, or pest control professional, you can rely on MouseStop as your trustworthy partner. We are always seeking new markets and International Service Points to further expand our network.

Private Label Opportunities

At MouseStop, we understand that every business is unique and has its own brand identity. That's why we offer private label opportunities. With private labeling, you can market MouseStop products under your own brand name. This enables you to offer your customers an exclusive product that meets your specific requirements and branding. Our experienced team is ready to guide you in creating your private label products, from development to packaging.

With MouseStop as your partner,
you can benefit from our successful
product while building your own brand.

IPM (Integrated Pest Management)

MouseStop adopts a comprehensive approach to pest control by embracing the principles of Integrated Pest Management (IPM). Our goal is to achieve an effective and environmentally friendly approach to pest management. We focus on prevention strategies for both rodents and insects. Through the implementation of hygienic measures and the utilization of MouseStop, you can confidently rely on a sustainable and highly efficient pest control strategy.

Our products are specially formulated to deter rodents and insects without causing harm to humans or the environment. We continuously work on developing safe and eco-friendly formulas that meet stringent quality standards.

Choose MouseStop as your partner in effective pest control. Benefit from our years of experience, our international network, and private labeling options. Together, we can create a clean and pest-free environment where your business can thrive. Contact us today and discover how MouseStop can be your ideal partner in the fight against pests.
